Our school strategies are showing substantial progress toward our targets

After reviewing our *Great Results Guarantee* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Building teacher capacity in data analysis and development of targeted teaching strategies by releasing teachers to work with pedagogy coach/ classroom profiling and Data Wall/Data Book; streamlining assessment schedule
- Allocating daily classroom time to areas of literacy and numeracy to achieve regular, rigorous and specific teaching and learning episodes, utilizing resources such as teacher aides, digital technology and specific resources to meet individual student learning needs
- Increase support teacher hours each week to provide support programs for Years 3,5,7 students (short-term) and Years Pre-Prep and P-2 (long term)
- Utilise quality resources and explicit learning episodes for transition program with local playgroup
- Using systemic (NAPLAN) and other data (eg PAT) to develop individual learning plans that incorporate specific targeted teaching strategies, targets and learning goals
